

**The Sullivan County Commission and Antioch New England Institute  
invite you to a**

# **Public Forum**

**“A Materials Recovery Facility for Sullivan  
County?”**

**Weighing the Considerations”**

**Guest Speaker:** Tony Barbagallo, Facilities Manager, Chittenden Solid Waste District, VT. Chittenden County has a successful single-stream materials recovery facility (MRF) that processes recyclables materials. Tony will give a presentation and video about their facility and be available for questions and answers.

- Learn how a MRF works and the difference between single-stream versus dual-stream MRFs.
- Learn about some of the major considerations in deciding whether or not to construct a MRF.
- Provide your input on whether constructing a new MRF is something Sullivan County should consider.

**When:** Tuesday, May 15<sup>th</sup>, 2007

**Where:** NH Community Technical College, Claremont, NH, Rt. 120, in the Tiered Lecture Room

**Time:** 7:00—9:00 pm; Refreshments and social time starting at 6:30 pm
